

Nouras Hanana

Email: nourashanana@gmail.com

Objective

Dynamic professional with a rich background in music and arts, and recent intensive training in web development and UX/UI design. Aiming to leverage my creative and technical skills to excel in an entry-level web development role, with a keen interest in UX/UI design. Passionate about creating engaging, user-centered digital experiences.

Skills

Front-End: Proficient in HTML5, CSS3, JavaScript (ES6), React.js for building interactive and responsive user interfaces.

Back-End: Skilled in Node.js, Express.js, and MongoDB for server-side development and database management.

Version Control Experienced in using Git and GitHub for source code management and collaborative projects.

Programming Proficient in JavaScript, with a focus on web development applications and scripting

Design: Storyboarding, Information Architecture, Responsive Design, Wireframe, Prototype, Usability Testing, Visual Design.

Technical: Adobe Adobe XD, Adobe Photoshop, Figma.

Attitude: Efficient communicator, cultivating productive and empathetic relations. I am an active listener to ensure fast learning process, always looking to resolve unsolved issues through problem-solving techniques.

Competences: Strategic planning, Creative solutions, Time and priority management, Work under pressure, Teamwork and Confidentiality.
